Texas Institute of Equine Dentistry
Attn: Autumn Weber
1320 FM 113 N
Weatherford, TX 76088

Dear Ms. Weber:

At its September 27, 2011 meeting, the Minnesota Board of Veterinary Medicine reviewed the information you submitted and approved the Texas Institute of Equine Dentistry as an evaluator of the competency of non veterinarian equine tooth floaters in Minnesota. The Minnesota Board of Veterinary Medicine may periodically review and assess this program to ensure that the program education, objectives and evaluation of equine tooth floaters is consistent with board approval.

Individuals certified by your organization will be allowed to float equine teeth in Minnesota according to the requirements, limitations and definitions established in Minnesota Statute §156.075. A copy of law is included in this mailing for your reference.

If you have any questions, please feel free to contact me.

Sincerely,

A handwritten signature in cursive script that reads "John King, DVM".

John King, DVM
Executive Director
